Dear Candidate,

I would like to stress that this office is always happy to assist your campaign with all your computer needs. However, we have found it necessary to establish the following policy pertaining to computer services:

### Computer Services for all Monroe County Elections

A candidate must personally authorize any request for computer services: i.e., reports, lists, labels, disks, etc., to be provided by the Monroe County Supervisor of Elections office.

The reason for this policy is that some reports, lists, labels, etc., are expensive to a campaign. In the past, campaign workers have requested lengthy reports and hundreds of labels without the knowledge of the candidate. For this reason a policy had to be established in order to prevent wasted computer time and an unnecessary campaign expense for the candidate.

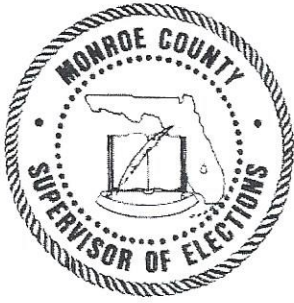

Thank you for your cooperation.

Sincerely,

*R. Joyce Griffin*
