### Constitutional Amendment

**Enmienda Constitucional**

**Artículo I, Sección 28**

#### Health Care Services

Proposing an amendment to the State Constitution to prohibit laws or rules from compelling any person or employer to purchase, obtain, or otherwise provide for health care coverage; permit a person or employer to purchase lawful health care services directly from a health care provider; permit a health care provider to accept direct payment from a person or an employer for lawful health care services; exempt persons, employers, and health care providers from penalties and taxes for paying directly or accepting direct payment for lawful health care services; and prohibit laws or rules from abolishing the private market for health care coverage of any lawful health care service. Specifies that the amendment does not affect which health care services a health care provider is required to perform or provide; affect which health care services are permitted by law; prohibit care services; exempt persons, employers, and health care providers from penalties and taxes for permitting a health care provider to accept direct payment from a person or an employer for lawful health care services; or affect any general law passed by two-thirds vote of the membership of each house of the Legislature, passed after the effective date of the amendment, provided such law states with specificity the public necessity justifying the exceptions from the provisions of the amendment. The amendment expressly provides that it may not be construed to prohibit negotiated provisions in insurance contracts, network agreements, or other provider agreements contractually limiting copayments, coinsurance, deductibles, or other patient charges.
